

# Times Table Challenge

Written by Eddy Krajcar and Lisa Tiivel  
Published by World Teachers Press®

# Foreword

Instead of doing repetitive recitations and playing games in class—where the majority of students are waiting for their turn—try *Times Table Challenge* and include the whole class simultaneously.

*Times Table Challenge* is highly motivational and fun for students of all ages. Students will actually want to learn and improve on their times tables. This concept has been successfully tried and tested.

The original idea was conceived by Colin Harris. Try it and see your students' enthusiasm and learning grow.
